Sent to QAQC.

I am thinking about what you should say for Aldicarb. I will get back to you.

Hi Shanta,

I will see what I can get from her and as you suggest have her follow up in the next few weeks.

Do you have an words of wisdom for the Aldicarb meeting tomorrow? I will still try to get the slides to you and Marion for a quick review in the next couple of hours.

Yes. I can act for you. Have a great day.

Ask her to look into them and get back a response in the next few weeks. I go ahead and stamp this since I will be on leave tomorrow.

Can you act for me? If not I will ask Mike, noting will need a signature of review.

Sure. I will give her a call after my current meeting and see if she knows what the submissions relate to. What would you suggest if she doesn't know what they are?

Hi Debra,

I noticed four pending label amendments in OPPIN that have not been pulled down and are in red at the top. Before I stamp this label can you see if the registrant will agree to withdraw those non-PRIA actions so we can clean up the regulatory record for this product?

Please note: I have reviewed everything else and do not have additional comments.

Hi Shanta,

Attached are the revised labels (master and supplemental) for PRIA R340 for EPA Reg. No. 400-461. Also attached is the Agency decision letter with the paragraph for the ID language included.

Please let me know if you want anything changed, or see any errors in the letter or label to correct.

Thank you!

Debra
